Renowned for his powerful storytelling in seminars and workshops, Ted Andrews' most popular story now comes to print. In thousands of workshops on *Animal-Speak* and *Animal-Wise* participants are guided into the wonders of the animal world through this moving story of two outcast children.

*They will be taught how to speak with animals.*

*"Andrews, author of the wisely conceived metaphysical series The Young Person's School of Magic and Mystery, knows that the best myths often have disquieting conclusions.
